Old Business:

Item 1: Discussion of On Going Transportation Projects

Mr. Saxon discussed the status of on-going DOT projects. The SR 119 from Usher Road to SR 21 center turn lane project is underway and has now been assigned a schedule. GDOT is in the process of hiring a consultant to prepare the environmental document. The project will be a context sensitive design and will most likely include a multi-use path on one side of the road. The SR 275 A CR 307/Rincon-Stillwell Road project has not yet been assigned a schedule but will be designed by GDOT. The CR 156/Blue Jay Rd/Blanford Rd @ CR 143/CR 176/McCall Rd project is expected to receive authorization for PE in FY 14.

New Business:

Item 1: Discussion on the MPO's Planning Boundary within Effingham County

Mr. Allen asked if either the City's of Guyton or Springfield had received any direction from their respective Councils as to their desire to either be included or excluded from CORE MPO's planning boundary. Both Dr. Goldwire and Mr. Bennett stated that there had been discussions with and amongst each Council but that each were still considering the request and that a decision would be forthcoming.

A motion was made by Mr. Allen to adjourn the meeting.
